

Hearts Full of Thanksgiving

2020

Mighty Father, we praise and adore you! Thank you for lavishing us with your unconditional love, provision and unbounded grace. Our *hearts are full of thanksgiving* for Your bounty all around us. We're blessed with the beauty of a nation created by You and for the freedom in which you have provided, through Your Son.

We thank you for family and friends.

We thank you for those before us who fought for our freedom.

We thank you for all who serve our country.

We thank you for the table you have set for us.

We pray for Your Shalom Peace for each of us and our country. Help us to love our neighbor and help us to love ourselves. Teach us to love one another. Heal our nation from all it's inequities and please help us to be one nation indivisible under God.

We ask this with great confidence in You, God, Amen.
